The Japan Times is Japan's largest and oldest English language daily newspaper. The *Nikkei Asian Review* is an Asia-focused English language publication with business, finance, economic and political news, comments, and analysis for Asia. The OECD (Organization for Economic Co-

operation and Development) provides regular reports and useful up-to-date references on the state of the Japanese economy. The *Journal of the Japanese and International Economies* (JJIE), *Japan and the World Economy* (JWE), and *Asian Economic Policy* are excellent, more analytically advanced source of original articles on the Japanese economy.
