

Keno

Keno is a very simple game to play. Each keno ticket is numbered from 1-to-80. These numbers correspond to the numbered balls in the keno bowl from which 20 numbers are randomly selected each game.

To play keno, you simply mark 1-to-20 numbers on a blank keno ticket. Then, designate the amount you wish to wager, and the number of games you wish to play, in the space indicated on the ticket. Present this ticket with your wager to a keno writer or runner and you will receive a computer-generated ticket in return. These are the numbers, as registered in the computer, upon which all winners are paid.

When each game begins, the selected numbers will be displayed on keno boards located in the keno lounge and restaurants. Compare the numbers on your ticket with the numbers displayed on the keno boards.

If you are a winner, present your ticket immediately to a keno writer or runner.

In addition to regular tickets, Bellagio offers many keno specials including:

-
- ALL-CATCH TICKETS
 - POWER PLAY 20 TICKETS
 - QUICK-PICK TICKETS
 - ALL OR NOTHING SPECIALS
-

In addition, Keno-To-Go enables keno enthusiasts to play up to 1,000 games!

If you play 1-to-20 games, you must collect immediately after the games are run. You have a full year to collect your winnings if you play 21 games or more on Keno-To-Go tickets. Just mark your tickets, pay for the games, and call us at 1-(888)-987-7111 for the results.

Bellagio has two separate keno games: our main game located in the Keno Lounge and our restaurant game, which is played in our coffee shop. We invite you to play both games, this way you can double your chances to win! In addition, keno may be played in almost every area of the casino. For your convenience, Bellagio provides keno runners servicing designated restaurant and bar areas. They will pick up your ticket and return your copy and change to you at your table. However, Bellagio is not responsible if a ticket is written too late for a keno runner to include it in the desired game.

A booklet listing keno pay-offs is available in the Keno Lounge, Coffee Shop, Snack Bar, Baccarat Bar, and designated lounges. If you need additional information on the game of keno, please ask any of our keno personnel.
