

MS93: Experimental Media Practice **Equipment Checklist**

** You must demonstrate to the IMS Production Center staff that you are trained and know how to correctly operate each piece of equipment before you can check it out. If you are not sure, ask politely for help!*

*** We have equipment for construction and gallery preparatory work. These must be used under direct supervision from IMS or Pitzer Gallery staff. Therefore individual students cannot check them out.*

Projection (Analog)

Please check with Prof. Ma if you are interested in using these

- 1 Slide projector (can be automated) and carousels
